# Invitation

Teva is happy to invite to a Nordic Migraine Symposium, which will be held in Denmark, Copenhagen 29-30 November 2019.

The topics and speakers have been selected by a Steering Committee consisting of leading migraine experts from each Nordic country.

## The Steering Committee consists of:

### Messoud Ashina

Professor of Neurology at Rigshospitalet Glostrup, Denmark.

### Mattias Linde

Professor of Neurology in the Department of Neuroscience, Norwegian University of Science and Technology, Director of Tjörn Headache Clinic, Sweden.

### Mikko Kallela

Assistant Professor, Neurology specialist at Helsinki University Central Hospital and Helsinki Headache Center, Finland.

### Anne Christine Poole

General practitioner and headache specialist at Volvat medical center, Norway.

## Registration

To register for this Symposium please sign in to: [www.nordicmigrainesymposium.com](http://www.nordicmigrainesymposium.com) and fill in the required information. Deadline for registration is 1 October 2019.

## Contact

If you have any questions regarding the symposium, please contact your local Teva medical representative:

Denmark: Nadeem Asim Mohammad / [Nadeem.Mohammad@tevapharm.dk](mailto:Nadeem.Mohammad@tevapharm.dk)

Sweden: Fredrik Blomstrand / [Fredrik.Blomstrand@teva.se](mailto:Fredrik.Blomstrand@teva.se)

Norway: Nils Gamlem / [Nils.Gamlem@tevaeu.com](mailto:Nils.Gamlem@tevaeu.com)

Finland: Kari Alhainen / [Kari.Alhainen@tevaeu.com](mailto:Kari.Alhainen@tevaeu.com)

We look forward to seeing you in Copenhagen.

On behalf of the Steering Committee and Teva Neuroscience

## About the Nordic Migraine Symposium

TEVA is a global company working in generics and specialty medicine, including respiratory and CNS. TEVA is committed to bringing medicine, education and innovative solutions to health care professionals and with the ultimate goal of improving patient lives.

Aligned with this commitment, TEVA Nordics has since 2013 arranged an annual scientific symposium within multiple sclerosis intended to be complementary to other international congresses and with highest clinical and scientific relevance. These symposia continue within the field of migraine having top international migraine experts in the steering committee and as speakers. We strive to provide the speakers an opportunity to present their work/research in an environment facilitating interactions and discussions.
